Tax on Low Value Imported Goods (LVIG)

Amazon is obligated to calculate, collect, and remit Sales Taxes including Value Added Tax (VAT), Goods and Services Tax (GST), and others, on low-value imported goods (LVIG) classified as taxable for each relevant jurisdiction.

The tax applies to items sold on amazon.com, delivered to addresses in specified jurisdictions (listed below) outside of the United States, and meeting the classification of LVIG for that jurisdiction.

When you provide the jurisdiction delivery address at checkout, any estimated tax applies to your items and is calculated into your order total. Tax will also apply to any delivery charges associated with your order.

The order details display a tax breakdown for LVIG items where tax is calculated, collected and remitted by amazon.com. An invoice with relevant shipment and tax details is available in [Your Orders](#). To view or print an invoice, go to [Print an Invoice](#).

Shipments which are over the threshold listed below may be subject to import fees. If shipments are subject to import fees, no VAT invoice will be available in [Your Orders](#).

Physical Products

The sale of products and services (not including digital content) will be taxable in the country associated with the delivery address of the customer. Tax is charged at the applicable rate in accordance with local legislation in each country.

Country	Type	Rate	Threshold
Australia	GST	10%	\$1,000 AUD
Chile	VAT	19%	\$ 500 USD (inclusive of shipping and other charges at checkout; pro-rated, if multiple items are in one order)
