["The server has rejected the file"](#)

["An error has occurred while sending data over the network"](#)

["Processing abandoned"](#)

This error message may occur if the uploaded file is shortened or invalid. It can also occur on reduced upload speeds. Try playing your video back on your device and make sure that you're using a [supported file type](#), then [upload again](#). If the problem remains, try uploading your video from a different platform.
