Current Process for Handling RFC Errata Reports

This is the working area for the individual Internet-Draft, "Current Process for Handling RFC Errata Reports".

- [Editor's Copy](#)
- [Datatracker Page](#)
- [Individual Draft](#)
- [Compare Editor's Copy to Individual Draft](#)

Contributing

See the [guidelines for contributions](#).

Contributions can be made by creating pull requests. The GitHub interface supports creating pull requests using the Edit () button.

Command Line Usage

Formatted text and HTML versions of the draft can be built using `make`.

```
$ make
```
