I am including a copy of the details. This should cover the points in your link from the last message. There is also an issue of extenuating circumstances. I was unable to seek legal counsel until very recently. This was intentional. I need to get the statute extended based on these extreme circumstances. They are threatening DOJ action after I was terminated as a missing person on 70% disability leave for not answering my phone. One of the men who attacked me is a lover of my sister who talked with my work supervisor to advise him to terminate my employment. This was all very intentional. I was sexually assaulted and victimized by these men intentionally. Please email me back.

(1) Your name, complete mailing address, date of birthday*, telephone numbers including cell phones and email addresses. (*This is to determine age discrimination claims.)

Name: Dr. Maxie Dion Schmidt

Mailing address (work): 4445 S Drexel Blvd, Chicago, IL 60653

Date of Birth: 11/25/1985

Telephone (cell - may leave voicemail): (872) 296-1430

Emails: maxieds-hackercat@outlook.com, maxieds@gmail.com

(2) Complete name, address, telephone number, and email address for employer, name of the company.

Sandia National Laboratories

Albuquerque, New Mexico

(I do not want to provide supervisor contacts because they are unreliable.)

(3) Job title and a brief description of what job position was; the names of the immediate supervisors.

Job title: R&D Computer Science

Brief description of job: mathematician and software engineer (research);

cryptography and software.

Immediate supervisor: Curtis Johnson

(4) How long worked with that employer.

It's interesting that you bring this up. I only worked for SNL for two days before sick day pay and then later 70% disability pay. The job was a setup for me to be attacked by a long-term stalker with powerful connections (Elon Musk's son). He raped and attacked me very brutally in Albuquerque and for the next years (until current). My employment was terminated while I was a missing person in New Mexico after Curtis Johnson talked with my sister's lover, Andre Torres, who helped these men attack me up to the point where I stopped breathing (until an adrenaline shot) - Tesla car with modifications. The termination email came in from a man who claimed I did not answer my cell phone (while a missing person) and who is connected to X Musk in his travels. (5) Whether there is a written contract. If yes, please attach a copy of the contract.

Yes. I lost all my possessions fleeing Albuquerque after being attacked by these men. I have to check my email. Please see this link. I have a lot of documentation:

<https://github.com/maxieds/OnlineBackupsAndStorageCopies/tree/main/GoogleDrive-maxieds/legal-records-prep/working-coarse-org/records-misc-unorganized>

(6) Whether there are written personnel policies and procedures.

Yes. I have these archived under this link:

<https://github.com/maxieds/OnlineBackupsAndStorageCopies/tree/main/GoogleDrive-maxieds/legal-records-prep/working-coarse-org/records-misc-unorganized>

(7) Results of recent employment evaluations.

N/A

(8) A brief summary of the problem.

See response #4. There is a lot more to this. Please interview me to hear more.

(9) If terminated, the date of termination, and whether that is in writing. Reason(s) for termination. Attach a copy of the written termination.

Okay. The termination email, which I was only able to view after recovering the account about 8 months later, is attached. I was a missing person in NM state when fired without access to my phone. The dates of my last day of work are inaccurate in the emailed document. See here:

<https://github.com/maxieds/OnlineBackupsAndStorageCopies/tree/main/GoogleDrive-maxieds/SharedFoldersGroup/SNLManagerSMSTranscript-Yay>

(10) If it is involving discrimination issues, have you filed or made any kind of internal complaint in the organization and/or with any state or federal agency? If yes, attach a copy with your response.

N/A

There is a threat to come after me (under Trump) via weaponization of the DOJ for alleged unpaid fees to SNL after early termination (see attached).

(11) If the acts were of discrimination or harassment, the dates and specifics of what those acts and harassment were.

Anti-semitism and misogyny are a key component of why I was attacked by these men. Please see previous responses or interview me.

(12) Whether there are any witnesses. If yes, give names, job descriptions, and the contact information.

Besides people aligned with my rapist/attackers, there are a couple. My cousin, Daven Rauchwerk, was beside me on the international flight for my SNL interview where I was poisoned and vomiting blood. My mom told me before she died that he would be there for the special operations (specialops) mission over a year prior to that. The Atlanta/Delta attendant was the same person as the American Airlines check-in person in Dallas, TX going down to ABQ with McDonald dressed as my father. McDonald Provosty (MCD) married my cousin (Dave's sister - he hacked MCD and helped my late father do surveillance on him and Trump) in 2015. MCD is one of Trump's family. The Delta/AA attendant is obviously an FBI agent. I have been a FBI informant living next to X Musk for years at Georgia Tech in Atlanta next door to CNN with a fiber optic connection.

(13) Who referred you to our office?

New Mexico state bar lawyer referral search for personal injury.

(14) Explain what you want to accomplish with an attorney.

A multi-million dollar civil suit to penalize the men/companies that did this to me and my family. Please interview me in more detail. Take everything off Elon Musk and Honeywell you think you can get in civil court. They deserve it!

The parent company of SNL is Honeywell. They have deep pockets and deserve the lawsuit! I was told by a mildly reluctant peer while there that I am typical for the professionals they target. These rich (billionaire) men try to destroy the career and lives of successful people (women) like me for pleasure and sport.

=====

Sincerely,

Dr. Maxie Dion Schmidt
