YouTube to MP3 Converter Online

YouAreTube converts YouTube videos to MP3 audio with selectable bitrate from 64kbps to 320kbps. Paste a link, choose your quality, and download in seconds.

How it works

1. Copy the YouTube video URL from your browser or app.
2. Paste it in the field above and select the quality you want.
3. Click **Convert** and download your MP3 file.

Why choose YouAreTube for MP3

- **Bitrate control:** choose from 64, 128, 192, 256, or 320kbps.
- **Universal:** MP3 plays on every device and platform.

- **Cor** youaretube.com wants to
- **No** ant needed.
